All leather dining chairs are not the same. We don't cut corners when designing our chairs unlike many other retailers who think about their profit margin more than the quality of the finished product. Ask for a sample of the leather that we use and you will see the quality for yourself or better still make a trip to our Uttoxeter, Staffordshire warehouse showroom to view the great range of oak dining furniture that we offer. <http://www.topfurniture.co.uk/pages/uttoxeter.html>

Tallinn Extending Table - 1.6m - 2.0m, 1.8m - 2.3m or 2.4m - 2.9m. Our best selling oak dining table with butterfly extension

View the large Tallinn butterfly extending Table here - [www.oakdiningsets.co.uk/Large-Dining-Table.htm](http://www.oakdiningsets.co.uk/Large-Dining-Table.htm)

The Tallinn butterfly extending dining table pictured above is by far our best selling table. It is available in 6 extending sizes which means it can accommodate almost any room size. It is made from the highest quality hand selected European oak and is finished in a clear oil finish which brings out the character and beauty of the solid oak and also smells lovely! These tables are extremely heavy which reflects the quality and amount of wood used to make them. 43mm thick table tops and 100mm thick legs make this one of the most chunky oak extending tables you will find. The ingenious butterfly mechanism means that you can extend it within 2 minutes without the need for an additional person to help which makes it very practical as the extension folds away neatly under the table meaning that no additional storage is required. You also don't need to be very strong to extend the table as the mechanism slides along on ball bearings. A firm favourite with our customers over the past couple of years combined with the Winchester,

Emperor and Titan chairs or even a pair of solid oak benches. **New 12 - 14 seater 2.9 - 3.4m Tallinn table for £999.** A huge table for those with a very large dining room. **1.2 - 1.7m Tallinn just £389 each.** **Gigantic 2.8 - 3.8m @ £1199.**

We can now offer several lacquered oak furniture ranges and a dark oak range which can be viewed online at [www.oak-furniture-shop.co.uk](http://www.oak-furniture-shop.co.uk) These ranges are of exceptional quality and offer huge savings compared to any high street shops. More details on request.

We only sell oak dining tables and chairs of the highest quality unlike many other internet retailers that offer lower quality at average prices. A large percentage of the furniture that is advertised on the internet is manufactured in the Far East with low quality oak and mass produced in poor conditions. We source the majority of our furniture from Europe and use only the best manufacturers with some supplying well known high street furniture names. The European oak that we use is the best quality oak in the world for making furniture and looks even better with the lightly oiled finish which we offer. We will not be beaten on quality or price, guaranteed. If you somehow find an identical item elsewhere for a lower price we will match it. The majority of the tables and chairs that we offer are exclusive to us so you are unlikely to find them for sale elsewhere and we buy in huge quantities which gives us the buying power to pass on great savings to our customers. Please browse through our websites at [www.topfurniture.co.uk](http://www.topfurniture.co.uk), [www.oakdiningsets.co.uk](http://www.oakdiningsets.co.uk) and [www.oak-furniture-shop.co.uk](http://www.oak-furniture-shop.co.uk) to view some of the other furniture ranges that we offer.

Don't forget that we also offer a huge selection of other furniture as well as what's included in this price list. We can now offer a wide selection of matching solid oak furniture items to go with the tables and chairs listed above such as sideboards, book cases, display cabinets along with coffee table, lamp tables, nest of tables and much more. Let us know your detailed requirements and we can come back with what we can offer at our very best prices. If you buy additional items at the same time as a table and chair set you will also save on additional delivery charges. If you are fitting out a new home or rental property please talk to us because great savings can be made.
